

Brave New World 4th Quarter

During the last quarter we will be focusing on the “utopia” side of life. It will include:

- **Your Personal Project:** all about you... a personal challenge or goal...a future dream career...talent you want to develop! You are the architect of an amazing life...and this is a great place to start that journey.
- **Small Group PSA (public service announcement) on video.** Each group will have to put together a proposal for the idea and a storyboard before shooting it on film.
- **Personal Website and Digital Portfolio**
 - You will have **TWO websites** / You will have some specific expectations and tasks to complete for each. Your class work will be included in these sites.
 - One website personal / private where you totally personalize and organize anything that you want to keep safely organized and private. It can include buttons and links to your favorite website, online magazines, and apps. It can include pictures of family, friends, and videos.
 - One website will be your Digital Portfolio which will be a digital space for you to organize your projects and showcase your work. Of course your personal project and PSA will be included, but also Ms. Deaton will be asking you to add other important work that you feel proud of and want to share, such as a personal mission statement that you have already created in one of your Leadership classes.
- **One Surprise Final project** [could be a book project, or an event project, or ?? This one will be determined by how well the classes work on their other projects, follow class expectations and uphold respectful behavior in class.]
- **At end of the quarter/year we will have a SHOWCASE Week** where the work done in April & May will be shared! Each group will share their PSA and each individual will share their personal project and website.
